

Endangered Missing Person Advisory

(Instructions)

CRITERIA

- The person is missing under unexplained or suspicious circumstances.
- The person is believed to be in danger because of age, health, mental or physical disability, environment, weather conditions, or in the company of a potentially dangerous person or some other factor that may expose the person to possible harm or injury.
- Public information is available that could assist in the safe recovery of the person.
- The circumstances do not fit the criteria of an AMBER Alert.

The “Endangered Missing Person Advisory” is a voluntary partnership between law enforcement and local broadcasters for notifying the public about a missing and endangered person. The advisory is initiated by the local law enforcement agency utilizing the criteria for an Endangered Missing Person as stated above.

Local law enforcement agencies must follow intra-departmental policy regarding the actual investigation process of any endangered missing person which takes place within their jurisdiction.

I. PURPOSE

To rapidly disseminate information about a missing and endangered person to law enforcement agencies, broadcasters, and the public.

II. PROCEDURES

Immediately enter the missing person information into the Law Enforcement Agencies Database System (LEADS) and the National Crime Information Center (NCIC). Be sure to cross reference others involved, as well as vehicle information, if available.

After verifying the criteria, complete the “Endangered Missing Person Advisory” available on the Illinois AMBER Alert Task Force website at www.amberillinois.org or the Illinois State Police (ISP) website at www.isp.state.il.us, and fax to Illinois State Police Springfield Communication Center (SCC) at 217-786-7191 for distribution to the media and other approved public outlets wishing to receive notification.

If appropriate, an ISPERN message should be coordinated through the ISP District of occurrence. Additionally, information should be disseminated to other law enforcement agencies via a LEADS/NLETS broadcast message by the requesting agency.

III. ADDITIONAL RESOURCES

These resources are available to assist in the location and recovery of missing persons. Please consider contacting them for additional assistance.
